## **Incoming President Shanthy Chandran's Speech and Biography**

*A very good evening to all of you present here tonight. Today marks our 9th Installation Night of Inner Wheel Club of Subang and we are proud to be able to host it here at this wonderful place with all of you.*

*For our guests who are not Inner Wheel members, International Inner Wheel is one of the largest women's service voluntary organisation in the world and are active in more than 104 countries.*

*Our aims are to support one and other with friendship, to raise money for our charity and to have fun whilst doing it.*

*This year's theme being Empower and Evolve, we have to realize that we can have an impact on the society and that, in the course of empowering others, we can also empower ourselves. With this theme in mind, our club hopes to carry out more projects to empower the disadvantaged and deprived especially women and children.*

*One of the project our Club wishes to pursue under this theme of Empower and Evolve is to educate kidney patient Durga. Durga is 10 years old and has not been to school until recently. Our club hopes to provide home schooling for Durga to enable her to catch up for the number of schooling years she has lost and in that process empower her with education.*

*As the president of this term, I also wish to encourage fellowship and bonding among members. I believe for a club to function effectively member's should bond and get close to one another.*

*I take this opportunity to thank our past president Rani Mohan who has been the example of a good leader. I have picked up a lot of leadership skills from her and yet may not be able to hit the mark she has set.*

*I would also like to thank our Charter President Parimala Sathisan who has always been there for me providing guidance to a newcomer like myself. She has put aside her plans, to support me tonight despite the plan being a medical one.*

*I also thank the organising committee Shanthi Menon, Sumodhini and Shamala Dharan for organising this wonderful event in a wonderful way.*

*I would also like to thank Prema for the power point presentation and background music, Susan and Malliga for the table decorations.*

*I thank all members of our club for rendering your assistance in every way you all can to make this night a glorious one.*

*Last but not the least, I would like to thank my childhood friend Datin Sree Kala for introducing me to this club. It came at a time when my nest was empty and I was wondering what to do next.*

*Our Club and I are very grateful to our guest of honour Omana Sreeni for taking time and gracing this occasion.*

*I am also grateful to my family members and close friends for supporting me during this event by being present here today.*

### **Biography**

P Shanthi Chandran, 9<sup>th</sup> President of Inner Wheel Club of Subang is from Kuala Lumpur. She graduated in Masters in English as Second Language from University Malaya. She worked as a Remedial English teacher in various education establishment such as international school and colleges for about 20 odd years.

Her husband is Dr Phrabhakaran Nambiar, a dental professor in a leading private university. Shanthi has only one child, who is doing her foundation program in Sunway University.

Currently she is a homemaker and enjoys doing charity projects. She joined IWCSS in year 2015. She held the post of Secretary in IWCSS from year 2016-2018.
