Shine a Light
 STRONG WOMEN
 STRONGER WORLD

*From the 2023-2024
 International Inner Wheel President
 on the occasion of Inner Wheel's
 centenary celebrations around the world
 on 10 January 2024.*

Today is a momentous occasion. On the 10th of January 1924, twenty-seven vibrant women decided that they would have their first meeting as a Club. Margarette Golding was the President at that time and she moved forward that year with joy in their heart that they had now got an Inner Wheel Club in Manchester, and here we are and it's January the 10th 2024 and we are celebrating Inner Wheel Day around the world.

What a joy it has been, what occasions we will be having around the world today on this fantastic Inner Wheel Day. Around the world everywhere, clubs are having a fantastic time celebrating the great work of Inner Wheel and it is the Inner Wheel of Manchester that was formed in 1924 that we are celebrating in this our Centennial year, and so from me to you, it's Happy Inner Wheel Day!

My love to you all,

Trish

My Journey as the 43rd District Chairman

My journey as the 43rd District Chairman in the Centennial year of Inner Wheel was one that would be forever etched in my mind. It was an honor and a great privilege to be given the task to lead a District of over 19 clubs and about 375 members for this term.

The themes that had been identified for the term, "Shine a Light", "Mental Wellness Brightens Lives" and "Brighten Lives for the Future" were stressed and many clubs did take up the challenge in carrying out projects that signified these themes. Effort was put into ensuring that Inner Wheel took consideration into the lives of the less fortunate, people who needed an extra helping hand for a brighter future and being there when aid was needed. It was not an easy task but some means was found to render whatever was needed. It warmed my heart to see so many helpful clubs and members who stepped in whenever assistance, be it financial or otherwise was required. This insight that I have gathered will go with me for a long, long while,

Being the Centennial year brought in much delight and to highlight the 100 years of Inner Wheel's great existence, we had our Centennial Hi-Tea at the Majestic Hotel Kuala Lumpur on January 06, 2024. About 100 members from the 20 clubs in West Malaysia took part in this event. It was a beautiful evening of friendship and fellowship. The highlight of the event was the honoring of District 330's "Golden Ladies" who have been in Inner Wheel for 45 years and more. In total 13 Ladies were given a plaque each. To commemorate this auspicious day, Inner Wheel scarves with the Centennial logo were given to all participants. This was the 2nd fellowship that was held for the term, the 1st being the Fellowship Dinner on the eve of the District's Annual General Meeting. This too was a great success as most of the members, especially those who were staying away from the Klang valley took the opportunity to rekindle their friendship with those they don't get to meet often.

To foster goodwill and friendship, I made 2 trips to India, that is, to attend the Mahabalipuram Convention in Tamil Nadu in September 2023, and another was to attend a convention in Karnataka in late November 2023. Both conventions were an eye opener and the experiences gained will always be cherished. In addition to this, I also attended the Manchester Convention in May 2024 along with about 25 others from District 330, 331 and 332. It was a great opportunity to meet, greet, and mingle with about 2,300 Inner Wheel members from all over the world. Again, it was a knowledge-gaining experience as all the other conventions have been.

District 330, in its effort to increase membership and the number of clubs, chartered a new club, Inner Wheel Club of Parklands in the Klang Valley on November 04, 2023. It started with 64 members. The District Extension Chairman and her team did put much effort in ensuring the quick registration and chartering of the club. Along the way, the District did face minor issues in a few clubs but these were ironed out and today the District has 435 members spread out in 20 clubs. It is my fervent hope and prayer that the district will continue to grow, more clubs will be formed and its membership strength will increase. Although it was stated at the Manchester Convention that Inner Wheel in many countries were having issues in keeping their membership healthy and clubs from closing, it is important for us to take up the challenge to fortify the friendship that has been brewed by Inner Wheel. To maintain a healthy lifestyle, friendship is a key factor that lays the foundation. Friendship with service to not only oneself but to the community and society is fundamental to growth and well-being. When children grow and take flight and the family grows smaller, ones' friends are the ones who remain and spice up our lives.

My club visits were delightful and were full of new experiences. It gave me the privilege of meeting most of the members in the District. The clubs welcomed me and my Executives warmly. We had healthy discussions on club growth, welfare, and cohesiveness. The most common problem that was faced by many clubs was influencing members to take up posts at the club executive levels. One must understand that to enhance growth one will have to take the chance to learn. If steps are not taken to educate oneself then she will be left lagging behind. Encouragement must be given, Constructive criticisms can be appreciated but one will have to keep in mind that not all criticisms will be taken kindly. Those in the role of presidents will have to learn to give their executives the freedom and choice to make their decisions. It cannot be a matter of 'I say, you follow' or 'do as I tell you to do' or 'I am the President, I am the one who decided' All these will lead to failure of the club. The senior members in the club will have to be the facilitators, the advisors, and the counselors. They must remember that the younger members are of the new generation which is tech savvy and at the same time they will need a lot of input into matters that are new to them. So be patient and do not frighten them away. We need the strength and ability of these young people. Clubs will have to be more accommodative. The future of Inner Wheel depends on the new generation that we need to nurture and educate.

It was my great fortune that I had an excellent team of District Executives. The cohesiveness amongst us was very strong and we could blend well with each other. They were open and we could discuss matters at length before drawing conclusions. All decisions were collectively taken and as such we understood each other well. Having this openness allowed us to withstand tiring situations which arose from time to time. Whatever difficulty that my officers or I met with was taken in stride with the good feeling that all were in the dilemma together. The educationist in me enabled me to draw the best out of each of them. I saw this as educational and training as I envision them as a District Chairman in time to come. For this reason, I invited my team of executives to accompany me on my club visits.

As my term comes to an end, I feel fulfilled in the responsibilities and duties that were entrusted to me. There were good times and equally bad times that could not be avoided. If all officers of the district or the club were to take pride in the job that has been entrusted upon them then the work becomes easy and delightful. If one was to shy away from her duty and responsibility then she will have to reconsider accepting the position. Progress will be hindered.

As I take leave, my sincere appreciation and heartfelt gratitude goes to my executive team. I am so very proud of all of you and wish all of you the very best for the journey ahead. Work well and enjoy every minute that you have. I wish incoming 44th District Chairman Vimalavathi T.P. Thayaman Pillai, all the very best for a successful term. Be the irresistible "Heartbeat of the Community" and work to "Reach and Inspire for a Better World".

In Inner Wheel Friendship

Kamala A. Yeap
District Chairman 2023-2024
District 330

Congratulations to
Juanita Lee
 on being elected as
**International Inner Wheel
 Board Director 2024-2025**

**My Journey with Inner Wheel:
 A Story of Friendship, Passion and Service**

When I first joined the Inner Wheel Club, I was drawn to its mission of friendship and service. Little did I know that this journey would lead to some of the most fulfilling and transformative experiences of my life. The core objective of Inner Wheel – fostering friendship – became a reality as I formed lovely bonds with fellow members. These friendships have enriched my life in countless ways, providing companionship for outings, dining, and travel, and offering unwavering support and comfort when I needed it most.

One of my passions is dancing, and I was thrilled to find that I could incorporate this into my Inner Wheel activities. Organising installation events and other club functions allowed me to use my dance experiences, which not only saved expenses but also brought members together in a unique and enjoyable way. The camaraderie and shared experiences strengthened our bonds and made our events memorable and joyous.

Engaging in various projects with Inner Wheel has brought me immense satisfaction. There is nothing quite like the feeling of knowing you are making a difference in the lives of underprivileged individuals and communities. Whether it's providing clean water through the "H Water Project" or supporting education and scholarships, the impact of our collective efforts is profound. Being able to help others and seeing the positive changes we bring is incredibly rewarding.

I firmly believe that together we can do great things. As Mother Teresa once said, "I can do things you cannot, you can do things I cannot; together we can do great things." This philosophy has guided my journey with Inner Wheel. Each member brings unique strengths and abilities, and by working together, we achieve far more than we could individually.

Meeting past International Presidents of Inner Wheel has been a particularly inspiring aspect of my journey. These encounters have brought humility and inspiration, shaping my vision for our club and reinforcing the values of Inner Wheel. The lessons learned from these leaders emphasise the importance of humility, tolerance, and harmony within the club. These qualities are essential for the club to survive, grow, and continue to do valuable community work, fulfilling the second objective of Inner Wheel – personal service.

In conclusion, my journey with Inner Wheel has been one of profound personal and collective growth. The friendships formed, passions pursued, and projects undertaken have all contributed to a fulfilling and meaningful experience. Together, we continue to embody the spirit of Inner Wheel, making a positive impact in our communities and beyond.

With gratitude and friendship,

Juanita
Juanita Lee
 Board Director 2024-2025
 International Inner Wheel

From the
National Representative
 for District 330 and District 331

IIW President Trish Douglas had a unique theme for the Centennial year, 2023-2024, "Shine a light".

Embedded within this theme were two specific projects (1) 'Brighten lives for the future', and (2) 'Mental wellness brightens lives'

IIW President Trish Douglas' goal of 'Brighten Lives for The Future' was embraced by clubs in Districts 330 and 331, Inner Wheel Malaysia. Many joint projects were organised by sister clubs.

A very successful blood donation project was organised to commemorate World Inner Wheel Day. On Jan 13, 2024, clubs from both districts organised a blood donation drive simultaneously at different locations. The end result was Districts 330 and 331 gifting 512 pints of liquid love to the blood banks.

The second area of focus proposed by President Trish this term was on 'Mental Wellness Brightens Lives'. Clubs in the Districts organised amazing projects which were well received by society and brought cheer to many.

Being the Centennial year, the workload for the National Representative was heavy.

It was a real learning curve working with Prabha, IIW Ed/MM an extremely hardworking, ambitious and helpful person to reach out to for help.

I am extremely thankful to District Editor Lucy Barrock who very promptly delivered all news articles and videos that had to be submitted, sometimes within short deadlines!! Extremely reliable.

There are 19 clubs in District 330 and one Non-Districted Club. District 331 has five clubs.

Being the NR for two districts in the Centennial year has indeed been an eye-opener. During my tenure as NR, two clubs were formed: IWC of Parklands – District 330

and IWC of Freesia-Rose – District 331 (the charter certificate has been given and the club is awaiting local approval of the Registrar of Societies).

The most recent Margarett Golding recipient is Her Highness Dato' Seri DiRaja Tan Sri Tunku Puteri Intan Safinaz binti Almarhum Sultan Abdul Halim Mu'adzam Shah, Tunku Temenggong

Kedah. The IWC of Alor Star was the nominating club.

Districts 330 and 331, function totally differently.

I was invited to all four Executive meetings of District 331 which I attended online. There was so much two-way communication.

District 330 invited me for one meeting (online) and I was informed it was to announce the results of the 'elections'.

There were matters that should have been brought to the notice of the NR – the IWC of Petaling Jaya and the IWC of Kuantan, but I was not privy to any information.

The NR is the liaison officer between the District and IIW but this year, there was a break in the protocol, with District committee members taking the liberty to communicate directly and threatening to communicate directly to IIW.

It has been an 'annus horribilis' for me as National Representative. The Inner Wheel objective of friendship is superseded by self-glorification and self-gratification – needless to say, I am looking forward to July 1st.

Best wishes to the incoming District Committees.

Best regards.

Ramani
Datin Dr Ramani Subramaniam
 National Representative 2023-2024
 District 330 & District 331

From Extension Chairman PDC Shanti Menon

Introduction

As the District Extension Chairman for the 2023-2024 term, my primary responsibilities included the growth and support of our district's clubs. This report summarizes my key achievements, particularly the chartering of a new club and mediation efforts in troubled clubs, reflecting the progress and challenges faced during my tenure.

Chartering a New Club

One of the significant accomplishments of my term was the successful chartering of a new club – IWC Parklands. This process involved several critical steps:

An extension committee was formed, comprising past district leaders, namely PNR Juanita Lee, PNR Parimala Satheesan and PDE Padmini Pillai. This committee worked closely with me to draft bylaws, set up initial meetings, and plan the club's first meeting as well as subsequent ones. District Chairman Kamala Yeap was extremely supportive of our efforts and always made it a point to attend all the interest meetings and club meetings.

After the initial interest meeting on 10th of July, an inaugural meeting was held on the 29th of July 2023. This meeting was well attended by many new members and it was decided that Dr Theyveeka Selvy Rajoo would be the charter president of the club and that the club would be called IWC Parklands. Normally the extension chairman would take all the relevant documents and send it to IIW in Manchester to get the charter. However, in this instance I decided to wait for the club registration from the Registrar of Societies (ROS) before proceeding to get the charter. Fortunately for this new club, ROS approval came in just 2 working days and I could proceed with the charter application. On the 9th of August 2023, IWC Parklands received its charter from IIW President Trish Douglas.

The culmination of these efforts was the official chartering ceremony, held on 4th November 2023. The event was well-attended, including district leaders like National Representative Datin Dr Ramani Subramaniam, District Chairman Kamala Yeap, PNR Parimala Satheesan, community members, and the newly inducted club members. Charter was handed over to Charter President Dr Theyveeka by NR Dr Ramani Subramaniam and DC Kamala Yeap witnessed by the district extension team. This marked a new chapter for the district, expanding our reach and influence. Newly minted Charter President Dr Theyveeka and her 60 club members were a joy to watch on their grand charter night celebration.

“ In cases where conflicts were the primary issue, I facilitated mediation sessions.

Mediating Issues in Troubled Clubs

Another crucial aspect of my role was addressing and mediating issues within troubled clubs. This was essential to ensure the stability and growth of the district.

Regular communication with club presidents and members helped identify clubs facing significant challenges. These challenges ranged from declining membership and leadership conflicts to financial difficulties and lack of engagement.

Upon identifying troubled clubs, assessments were conducted to understand the root causes of their issues. This involved meetings with club leadership, surveys among members, and reviewing club records.

In cases where conflicts were the primary issue, I facilitated mediation sessions. These sessions provided a neutral platform for leaders and members to voice their concerns and collaboratively develop solutions. My mediation often focused on improving communication, redefining roles, and setting clear goals.

For clubs struggling with membership and engagement, I organized targeted training sessions. Additionally, I provided ongoing support and mentorship to club leaders to ensure the implementation of new strategies.

After initial interventions, regular follow-up was practiced with these clubs to monitor progress and provide additional support as needed. This ongoing support was crucial in helping clubs stabilize and begin to thrive again.

Conclusion

The 2023-2024 term as District Extension Chairman was marked by significant achievements and valuable learning experiences. Chartering a new club expanded our district's reach and brought new energy and enthusiasm. Meanwhile, mediating issues within troubled clubs helped to stabilize and strengthen our existing clubs, ensuring their continued success.

These accomplishments would not have been possible without the collaborative efforts of the dedicated members of my extension team, club presidents, and district members. My heartfelt appreciation goes out to NR Dr Ramani Subramaniam, DC Kamala Yeap, PNR Juanita Lee, PNR Parimala Satheesan, PDE Padmini Pillai and all the exco members of District 330 of 23-24. I am confident that the groundwork laid this term will contribute to the long-term growth and vitality of our district.

PDC Shanti Menon
Extension Chairman 2023-2024
District 330

The Editor's Summation

Inner Wheel Year 2023-2024 will be remembered as the Centennial term. A tremendous amount of preparation and effort went into the celebrations worldwide. Clubs in District 330 rose to the lofty expectations of the momentous occasion with pride, dedication and commitment to the theme of 'Shine a Light'.

The oldest club in Malaysia, IWC Ipoh, was chartered in 1948, meaning we are seventy-six years old in Malaysia, making us older than the country by 9 years. We have done our part in realising the organisation's objectives all this while. Yet, there is so much more we can achieve before we have our own Centennial Celebrations of Inner Wheel in Malaysia.

So many demands were made of Clubs in general and Club Correspondents in particular this term. It was gratifying to note that our District's participation was recognised even at the Centennial Celebrations in Manchester and the recent handing-over ceremony of the IIW Presidency. Malaysia was well represented and our stalwarts, IIWPBD Datin Seetha, PNR Parimala and IIW Webmaster Yeok San were all given their due respect much to the delight of our members.

Clubs sent Centennial greetings via videos, photographs and posters which would not have been possible without members' cooperation. Such laudable efforts kept our District's flag flying during the term. Our members should be very proud of their brilliant efforts which put us on the map locally and internationally.

District 330 organised an English High Tea to celebrate the one-hundredth anniversary of Inner Wheel at a leading hotel and it was well executed and attended. Much planning and preparation were undertaken to ensure members' time and participation were valued and appreciated.

Our social media presence was second to none this term and the reports of activities are still coming in even at this late stage. I appreciate my fellow members of the District Committee for their teamwork and participation on all fronts which made my foray as District Editor a pleasant and productive one in the Inner Wheel Spirit of friendship and service.

Much love and God bless.

Lucy Barrock
District Editor 2023-2024

100 years of Inner Wheel

a celebration in District 330

Inner Wheel District 330, Malaysia, celebrated the 100th Anniversary of Inner Wheel on the 6th of January 2023 at Hotel Majestic, Kuala Lumpur. Organising Chairperson Jasbir Sarjit, District Chairman (DC) Kamala A. Yeap and the team comprising of the District Executive Committee (EXCO) worked tirelessly to ensure the success of this event.

The celebration commenced at 2.30 pm with the District Exco led by District Treasurer Meeta Chahal singing and dancing in high spirits into the hall. Past District Chairman Shamini Nair as the Emcee for the function kept the flow of the event smooth. District Editor Lucy Barrock projected the entire programme on the screen with colorful slides to engage the attendees.

The usual Inner Wheel protocols were strictly adhered to. The function commenced with the Lighting of the Candle and reciting of the Friendship poem led by DC Kamala. Next, was the speech by the Organizing Chairman and District International Service Organiser, Jasbir Sarjit, followed by DC Kamala's address. The Loyal Toast to The King was by District Vice Chairman Vimala and the Loyal Toast to International Inner Wheel was by Past National Representative Parimala Sathesan.

The renowned saxophonist Wan Andre, kept the afternoon lively with his rendition of favourite Western and Indian numbers. The guests listened, sang and danced to his music. Among the highlights of the celebration was

Registration Counter with Door Gifts

Toast by District Vice Chairman

OC Jasbir welcomes everyone

Mrs. Jagjeet Singh's motivational talk about friendship which added essence to Inner Wheel's objectives.

The presentation of plaques to the winner (Inner Wheel Club of Kuantan) and runners-up (Inner Wheel Clubs of Alor Setar, Ipoh East and Butterworth) for the artwork for the 'House of Culture' contest by International Inner Wheel was held at the District level. This brought motivation and encouragement to the members of the participating clubs.

DC Kamala who always has a special place in her heart for the seniors in the District, organized Past International Inner Wheel and District Chairmen to be recognized and honored with plaques and tributes.

Toast by IPNR

DC Kamala gives her address

District Officers at work

The Past District Chairmen who were present, were also called upon to cut a celebration cake.

The programme continued with English-style Teatime fare served with a scrumptious variety of cakes, pastries and sandwiches. The participants enjoyed the tea immensely amidst friendship and fellowship.

The event concluded with the crowd singing the song, Auld Lang Syne accompanied by Andre on his saxophone. It was an incredibly awesome day indeed for the attendees who each received a specially ordered door gift of a scarf with the Centennial logo embossed on it. All wished Sayonara and returned in different directions to their home sweet homes from Alor Setar to Johor Bahru with more than half the weekend still left to enjoy with their loved ones.

The District Executive Committee who organized the event achieved cooperation and were successful in their coordination. The memorable moments were captured in photographs and videos by the talented team of ladies organized by District Webmaster Jaya R Samuel from her home club, IWC Ipoh East. Members of IWC Apsaras the home club of DC Kamala also played their part in registering attendees and distributing the door gifts. There was overwhelming fellowship and friendship among participants at the function which is true to the Inner Wheel spirit and the current theme of 'Shine a Light'.
